ABOUT AMITY UNIVERSITY ONLINE

Amity University Online is a value-based institution with an innovative bent towards education that impacts lives across boundaries. Through immersive technology, ground-breaking methodology and a worldwide community, we constantly endeavour to expand the horizons of minds in a virtual space around the globe. We are also home to a range of University Grants Commission (UGC) recognized programmes at Masters, Bachelors, Post Graduate Diploma level for nurturing young professionals. With 225000 students spread across countries with diverse backgrounds and a strong force of highly accomplished faculty, we create an ecosystem buzzing with new ideas and innovations.

With our eyes on the future, we keep on pushing the limits, breaking barriers, overcoming obstacles, and forging new connections. Our vision fuels our success and our consistent progress in global rankings assures us that more is yet to come.

PRESTIGIOUS RANKING AND ACCREDITATIONS

PROGRAM OVERVIEW

This is a super-specialized program for ambitious professionals looking forward to a career in Blockchain Technology. Business and career growth are determined by the proliferation of technologies, and thus the requirements and expectations from the traditional system have now changed.

This two-year program offers a core course along with a specialisation course in Blockchain Technology. The program structure provides candidates with unmatched flexibility to learn at their own pace and attend classes at their convenience. The course is practice-oriented and intended to give exposure to real-world applications. This course aims to familiarise the learners with the scope of Blockchain technology, implementation and management so that they understand the current industry demands and be well prepared for the career they are looking for.

What makes Amity Online MCA in Blockchain Technology special?

Empower yourself into becoming a successful working professional with a world-class online MCA programme by Amity University Online. The programme is specially designed to enhance your innovative and entrepreneurial abilities and gain skills to achieve rapid growth & success in the corporate world. The program is designed to provide a thorough knowledge of the chosen field and applications of Blockchain Technology. This will also help in developing the skills to build practical Blockchain applications that regulate your business goals.

INDUSTRY INSIGHTS

THE DEMAND FOR BLOCKCHAIN PROFESSIONALS HAS INCREASED BY 300% SINCE 2019

The annual growth rate of demand of blockchain professionals is expected 67% from 2020-25

WHY PURSUE AN MCA IN BLOCKCHAIN TECHNOLOGY FROM **AMITY UNIVERSITY ONLINE**?

Amity University Online India's leading professional learning and higher education platform. When you choose this program, you also get access to our extensive pool of industry experts and dedicated career assistance.

- Become a globe-trotting professional in a Blockchain Technology
- Gain the recognition of an MCA in Blockchain Technology from a reputed institute
- Daily live classes by global faculty
- Gain practical skills through case study-based learning
- Become industry-ready with mentorship from experts
- Get dedicated career support from mentors
- Build your skills with a curriculum designed by leading academicians & industry experts
- Learn alongside a diverse batch of peers from 80+ countries

PROGRAM HIGHLIGHTS

Pedagogy for Course Delivery

The class will be taught using recorded video lectures, online live sessions and case studies to implement learning. In addition to assigning case studies courses, instructors will spend a significant time understanding the concept of innovation through the student's eyes. The instructors will cover the ways to think innovatively liberally using thinking techniques.

“Blockchain Technology & Management course is very exhaustive and easy to understand. It's helpful to even non-IT background people. This course has indeed helped me change my career path.”

Munjal Patel

Blockchain Analyst
BTM - June 2018

COURSE CURRICULUM

	Subject	Credits
Semester 1		
Course I	Graph Theory and Combinatorics	6
Course II	Advanced Database Management Systems	6
Course III	Core Java	6
Course IV	Advanced Software Engineering Principles	6
Course V	Professional Communication	4
Semester 2		
Course I	Research Methodology	4
Course II	Data Structures and Algorithm Design	5
Course III	Network Security and Cryptography	5
Course IV	Cognitive Analytics & Social Skills for Professionals	4
Course V	Specialization I *	5
Course VI	Specialization II *	5
Semester 3		
Course I	Cloud Infrastructure and Services	5
Course II	UNIX / Linux Programmingt	5
Course III	Professional Ethics	2
Course IV	Quantitative Aptitude	2
Course V	Seminar (Evaluation)	4
Course VI	Specialization III *	5
Course VII	Specialization IV *	5
Semester 4		
Course I	Major Project	19
Duration: 2 Years • Semesters: 4 • Credits: 103		

CORE SPECIALIZATIONS

Specialization I
Blockchain Technology & Management
Credits: 5

Specialization II
Introduction to Ethereum + Enterprise
Blockchain applications & Hyperledger
Credits: 5

Specialization III
Option 1: TD Track
Programming Fundamentals: Golang
and Solidity
Credits: 5

Specialization IV
Option I: TD Track
Building Ethereum Applications
Credits: 5

Specialization III
Option II: BM Track
Technicalities &
Implementation of
Blockchain
Credits: 5

Specialization IV
Option II: BM Track
Architecting
Blockchain Solutions
Credits: 5

FACULTY
